

## MSc International Business & Management for Design

### Accommodation Information

*Regarding accommodation, you need to provide Proof of Guaranteed accommodation here in France to obtain a VISA.*

#### First Option:

Normally foreign students stay in our student accommodation (Information are in the 15 FAQ file). The rooms are normally allocated on a first-come-first-served basis and to students who stay for at least 9-10 months (September-June). In order for our director to sign the accommodation proof attestation, we require 3 months' payment in advance and a caution deposit of 220 Euros. This would be refunded for serious reasons such not obtaining your French VISA but not for personal reasons, such as changing your mind.

Although the student accommodation is adequate for most student needs it is not luxurious but it has the advantage of being 2 minutes' walk from the school, cafeteria, library, etc. There is a friendly atmosphere among students from a wide variety of origins. It is equipped with

- WIFI, free washing machine & cleaning services.
- The tariff for 2008/2009 is fixed at 294.20 Euros rent per month.
  - So please could you send  $294.20 \times 3 = 882.60 + 220$  refundable deposit
  - TOTAL is 1.102.60 Euros if you wish to reserve a room on a campus.

#### Second Option:

Some of the students last year, rented houses in La Pradet, and they lived as roommates in groups of three to five students in each house. In this case you would need a car, because the bus service is not efficient in that area. For further information, if you are interested in this option, please contact me.

#### Government housing aid (the CAF):

As student you can apply for government housing aid (CAF) as a way to reduce the amount of rent.

Someone from the Campus would be able to help you with this.

Please don't hesitate to contact me if you have any other questions. The programme starts on the middle of October 2010 but it is better to arrive mid-September to accomplish all the administrative formalities that you will have to do on arrival without being in a big rush!

#### Ecole International de Design Bank Transfer Details:
